

Metal Tape Cutting Machine

HEROOS-M210A strip machine it is a simple, efficient metal belt slitting machine. Able width of less than 120MM, thickness 0.1 - 0.3MM metal band is divided into the width you need. By variable frequency control gear motor drive Tailor-made winding disk striping work quite easily. Stand-alone daily output can reach more than 1000 kg. When combined with HEROOS-240B spiral wound gasket strip molding machine, then make the stainless steel strip processing more efficient.

Specially designed cutting blade

first cylindrical grinding, you can continuously 0.2MM stainless steel 8000 --- 10000KG.

Select the configuration

1. The random distribution of one set of slitting blade assembly.(3.6 4.8 5.0 8.010.0MM) customer demand
2. Other special specifications blade can be customized.

THE BASIC PARAMETERS

Model	HEROOS-M210A
voltage	380V
Power	2.2KW
Net weight	270KG
Scope of application	steel strip
Maximum width	100mm

No.14. Xianfang East Road, Xinjie , Zonghan, Cixi City, Ningbo, China 315301
