

## Small Winding Machine for Spiral Wound Gasket

HEROOS-M320 machine is used for  $\phi 15$ - $\phi 300$ , metal spiral wound gasket processing. The roller device adopts pneumatic pressure, large adjustment range, simple operation, speed by frequency conversion stepless speed change, can adapt to different size speed demand.

## THE BASIC PARAMETERS

| Model                   | HEROOS-M320            |
|-------------------------|------------------------|
| voltage                 | ~ 380V                 |
| Power                   | 0.40KW                 |
| Net weight              | 230KG                  |
| Scope of application    | $\phi 15$ - $\phi 300$ |
| Length * width * height | 128x 92 x144cm         |
